

Chris LaRocque

Candidate For Newtown Legislative Council District 2

I will work tirelessly to listen to the citizens of Newtown and will propose new solutions to existing and future challenges. The current economic environment requires unique ideas and a fresh perspective, and I hope you will help me in this mission.

In the past, some of our elected officials have forgotten their roles; to be advocates for the citizens of Newtown. Now is the time to fix that and return to responsive and responsible government. I pledge to you that I will do what I feel is in the best interest of our community and your needs. Please give me a call to discuss issues that are important to you and how we can improve.
